

## PROGRAMME AT A GLANCE

### 16 SEPTEMBER - FRIDAY

Room	Auditorium <i>Level 0</i>	Hall Major <i>Level 2</i>	Salle 120 <i>Level 0</i>	Joliette <i>Level 1</i>	Estaque <i>Level 1</i>	Grand Large <i>Level 1</i>	Poster and Exhibition Hall <i>Level 0</i>		
08:00							Poster hang-up		
08:30	<b>#25</b> Focusing on Clinical and Translational Research in Ireland (supported by the Irish Division of IADR)	<b>Oral session #26:</b> Dental Materials: Biocompatibility, Bioengineering and Biologic Effects of Materials	<b>Oral session #27:</b> Periodontal Research: Diagnosis and Epidemiology	<b>Oral session #28:</b> Cariology Research: Demineralization/ Remineralization	<b>Oral session #29:</b> Clinical and Translational Science Network	<b>#30</b> Keynote lecture (supported by SDI) Bioactive Dental Concepts: When and How to Incorporate Ion Release within Biomaterials.	Free Poster Viewing	Young CED-IADR workshop (supported by Kulzer) Let's Talk Science – Tips&Tricks on Scientific Communication MUCEM	
09:00									
09:30									
10:00	Coffee Break at Exhibition 10:00-10:30								
10:30	<b>#31</b> Irreversible pulpitis treatment: myth or reality? (supported by Septodont)	<b>#32</b> Guided biofilm therapy- new protocol in dental prophylaxis (supported by EMS)	<b>Oral session #33:</b> Dental Materials: Polymer-based Materials	<b>Oral session #34:</b> Behavioral, Epidemiologic and Health Services Research	<b>Oral session #35:</b> Tooth Wear, Erosion and Dentine Hypersensitivity	<b>Oral session #36:</b> Oral Health Research 1 (8 abstracts)	Poster session #37 (presenter at poster) 12:00-13:00	Get together of the Israeli division	
11:00									
11:30									
12:00									
12:30	CED-IADR General Assembly	Lunch break at exhibition 12:30-13:30							
13:00							Free Poster Viewing	LACYDON	
13:30	<b>#38</b> Eating Disorders: New Insights into Clinical Management of Oral Complications (Supported by P&G)	<b>#39</b> Stem Cells in Bone Regeneration: Future is now (Supported by the University of Bergen (MAXIBONE project)	<b>#40</b> The art and science of minimally invasive operative caries management (Supported by Pulpdent)	<b>Oral session #41:</b> Implantology Research	<b>Oral session #42:</b> Dental Materials: Adhesion, Biocompatibility and Biologic Effects	<b>Oral session #43:</b> Education Research	Free Poster Viewing	Young CED-IADR ambassadors meeting NOTRE DAME	
14:00									
14:30									
15:00									
15:30	Coffee Break at Exhibition 15:30-16:00								
16:00	<b>#44</b> Biological and clinical aspects of modern composite techniques (Supported by NIOM)	<b>#45</b> Antimicrobial resistance: off-target effects of antibiotics, new approaches and educational challenges (Supported by the University of Oslo)	<b>Oral session #46:</b> Periodontal Research-Therapy	<b>Oral session #47:</b> Stem Cell Biology Research	<b>Oral session #48:</b> Dental Materials: Adhesion	<b>#49</b> Keynote lecture (supported by Philips) Oral Health profile and cardiovascular risk: the nutritional pathway	Free Poster Viewing	Young CED-IADR ambassadors meeting NOTRE DAME	
16:30									
17:00									
17:30							Poster Removal		
18:00									
18:30									
19:00									
19:30	<p style="text-align: center;">CONGRESS GET-TOGETHER (organised by PER-IADR) (terrace of Pharo Palace with exceptional view over the bay of Marseille)</p>								
20:00									
20:30									
21:00									
21:30									
22:00
